Experience

Fleeep / Founder & Product Designer
Remote · Aug 2026 – Present

Designed, built and launched fleeep.app, a notes app for people who make things. Notes, images, links, voice notes and colour palettes live together in boards. A beta with a selected group brought over 500 page views and 32 signups, 18 of them from the waitlist.

CodeDr / Product Designer
Remote · Dec 2024 – May 2026

Owned product design across platforms like Menturr. Defined and maintained scalable, accessible design systems. Partnered with engineers and founders to deliver thoughtful user-centered experiences. Recognized as the go-to designer across all client projects.

Emmsdan Industries / Product Designer
Remote · Apr 2022 – Jun 2024

Redesigned Kirgawa, a robust event management tool. Led research, created task flows, tested early prototypes, and shipped high-fidelity UIs. Boosted user satisfaction by 30% through clear iterative updates. Delivered strong UX writing that improved comprehension and engagement.

OpenRefine / Product Designer
Remote · Sept 2023 – Mar 2024

Simplified complex workflows in the reconciliation dialog. Improved visual hierarchy, streamlined interactions, and enhanced accessibility. Tackled localization bugs and introduced multilingual support, making OpenRefine more globally inclusive.

Outreachy / UI/UX Designer & Technical Writer
Remote · May 2023 – Aug 2023

Audited outdated UI patterns, contributed new design workflows, and co-created documentation with developers. Wrote clear GitHub docs that improved onboarding and contribution for new designers.

Freelance / Product Designer & UI/UX Consultant
Remote · Aug 2022 – Feb 2024

Delivered UX/UI design and conducted market and user research for African and international clients across rentals, logistics (Olarview), safety (Kabazin Ventures), and ride-sharing (Tyende), creating intuitive platforms and conversion-focused landing pages.

Zuri Internships / UI/UX Design Intern
Remote · Mar 2021 – Dec 2021

Worked on eCare, a telemedicine app. Designed end-to-end user flows and high-fidelity UI. Supported media engagement via Slack tools. Built foundational design and agile sprint experience.
